

## AQUAHEAT SF030 PLASTIC HEAT PUMP

| Model number               | SF                    | SF030P          |
|----------------------------|-----------------------|-----------------|
| <b>Heating capacity</b>    | kW                    | 13.8            |
|                            | BTU/h                 | 47000           |
| <b>Heating power input</b> | kW                    | 2.1             |
| <b>Running current</b>     | A                     | 10.4            |
| <b>Power supply</b>        | V/Ph/Hz               | 230/1/50        |
| <b>Compressor quantity</b> | No                    | 1               |
| <b>Compressor</b>          | Type                  | Rotary          |
| <b>Heat exchanger</b>      | Type                  | Titanium in PVC |
| <b>Fan quantity</b>        | Nr                    | 1               |
| <b>Fan power input</b>     | W                     | 120             |
| <b>Fan rotate speed</b>    | RPM                   | 850             |
| <b>Fan direction</b>       | Vertical / horizontal | Horizontal      |
| <b>Noise</b>               | dB(A)                 | 54              |
| <b>Water connection</b>    | mm                    | 50              |
| <b>Water flow volume</b>   | m <sup>3</sup> /h     | 4.5             |
| <b>Water flow volume</b>   | Lt/h                  | 4500            |
| <b>Water pressure drop</b> | kPa                   | 6               |
| <b>Unit dimensions</b>     | Length                | 956             |
|                            | Width                 | 334             |
|                            | Height                | 600             |
| <b>Net weight</b>          | kg                    | 51              |
| <b>Circuit breaker</b>     | Slow curve            | 15              |
|                            | Normal                | 20              |
