WALK IN WARRANTY CONDITIONS FOR AQUAHEAT VACUUM AND FLAT PLATE SOLAR COLLECTORS

The *AQUAHEAT* Vacuum and Flat Plate Solar Collectors are manufactured to the highest possible standards. Accordingly, the equipment carries the following warranty should a fault occur due to faulty manufacturing or materials.

IMPORTANT: The *AQUAHEAT* 5 YEAR LIMITED Warranty conditions will only be valid if the Solar Collector installation is registered in full with *AQUAHEAT*.

This warranty is not transferable.

In the event of a fault occurring covered by this warranty, the purchaser must contact *AQUAHEAT* immediately.

This 5 Year Limited warranty is a **WALK IN** warranty, meaning that all repairs will be done at an *AQUAHEAT* workshop. See above addresses. It is the responsibility of the buyer/owner of flat plate solar collector to deliver the flat plate solar collector to an *Aquaheat* workshop on the buyer/owners own expense.

Courier charges and courier damages are not covered by this warranty.

AQUAHEAT SOLAR COLLECTOR 5 YEAR LIMITED WARRANTY:

- The warranty is only affective on the panel itself and any manufacturing defect on the panel caused by the panel itself
- Panel needs to be installed with a circulation controller in high water freezing areas

NOTE:

No claim in pursuance of this warranty will be recognised unless received by *AQUAHEAT* during the warranty period.

AQUAHEAT shall not be liable for any incidental, consequential, exemplary, special or punitive damages, or for loss of revenue, profit or use, arising out of breach of this warranty (including but not limited to damage resulting from leakage) or in connection with the sale, maintenance, use, operation or repair of any *AQUAHEAT* product. In no event will *AQUAHEAT* be liable for any amount greater than the purchase price of a defective component.

This limited warranty does not cover products that have been damaged because of accident, abuse, misuse, neglect, improper installation, defect due to part connected to panel, failure of internal piping or components due to freezing conditions, scale build up, improper maintenance, or failure to operate the solar collector in accordance with the *AQUAHEAT* written instructions or any other damages cause by a result of floods, hail, winds, fires, lightning, accidents, corrosive environment, or other conditions beyond the control of *AQUAHEAT*.

AQUAHEAT shall not be held responsible for any injuries that might occur for any reason.

All non-warranty service charges are the responsibility of the original owner. Failure to pay for non-warranty service charges will void this limited warranty.

Spare parts purchased from an *AQUAHEAT* sales office and used in any other application other than in an *AQUAHEAT* solar collector will not carry any warranty.

ANY LAPSE REGARDING IMPLEMENTATION OF THE ABOVE PROCEDURES WILL IMMEDIATELY RENDER THE WARRANTY NULL AND VOID
